

Annual Mentorship Conference

As a sponsor, this is your opportunity to engage with attendees, both physician mentors and students, and share how your services can benefit their journey in the medical field.

Whether it is a medical student trying to discern what specialty is the best fit or an undergraduate or high school student contemplating a career as a physician, the Annual Mentorship Conference is an opportunity for students to meet physicians from more than 50 medical specialties and ask questions about admissions, specialties, research opportunities, medical school financing options, quality of life, and more.

Your support is integral to providing this opportunity to students at no cost.

WEDNESDAY, SEPT. 25

6:00 PM - 8:30 PM

AVALON EVENTS CENTER
2525 9TH AVE. S, FARGO

Sponsorships are expected to be secured by September 11 to allow ample time to promote our partners!

If you have any questions, reach out to me at the contact information below.

Thank you.
